PBR RECEIVES HOLDEN SUPPLIER OF THE YEAR EXPORT AWARD

On 19 September Holden Limited held their 2002 Supplier of the Year awards during which PBR International was awarded the prestigious Export Award.

The Export Award recognises excellence in the highly competitive global market place and caps off another solid year for PBR who exports lightweight brake system technology to General Motors globally through GM China, GM Daewoo and GM in North America.

In the global market General Motors are significant users of PBR's specialized brake system technology through their unique Banksia single-shoe park brake and lightweight aluminium brake calipers.

In support of PBR's export activity PBR has an engineering facility in North America and manufacturing facilities in Thailand, Malaysia and North America.

The award was presented on the night by the Honourable Tim Holding MP, Minister for Manufacturing and Export Minister for Financial Services Industry.

PBR's Holden Supplier of the Year award comes on the back of their induction into the Victorian Manufacturers Hall of Fame earlier in 2002.
