Part Number	Description	Purpose
PV48A	Relay/Breakaway Combination Valve 	The function of this Combination Valve is to act as a relay breakaway & tank valve for Double Line Vacuum systems.
PV86	Air Cleaner 	The Air Cleaner's role is to prevent dirt from entering the engine or vacuum system.
PV104	Dumping Valve 	Used in conjunction with a PV48A. When the trailer is disconnected from the towing vehicle, the action of the pv48a will apply the brake. The PV104 Dumping Valve will release the brakes by destroying the Vacuum allowing the trailer to be moved.
PV109	Foot & Hand Control Valve 	The PV109 patented Foot & Hand Control Valve transmits simultaneous braking action to both caravan & car when the foot brake is operated
T370	Vacuum Stoplight Switch 	Designed for use in vacuum control lines of trailers. Suitable for 6,12,24,32 Volt electrical systems.
