DON'T STOP WITHOUT US

Designed for use in pairs on trailers to actuate mechanical brakes

PBR Vacuum Power Chambers

POWER CHAMBERS

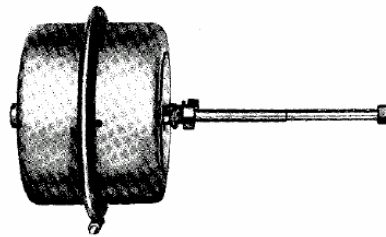

The B220R has an approximate pull of 220 lbs, and a stroke of 3 1/2". This is the smallest power chamber in the PBR range. Mainly used for operating mechanical brakes on caravans and small trailers.

B220R

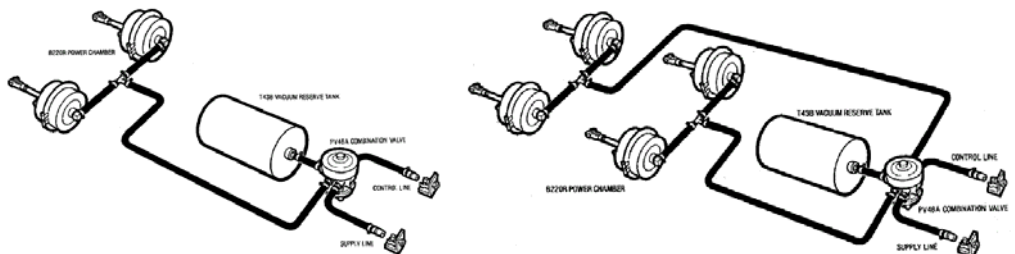

The B330R has an approximately 330 lbs pull force and a 4" stroke. A typical application for these units is where it is impractical to mount two B220R Power Chambers.
